

Key takeaways from the Workshop on Emerging Challenges in New Era of Standardization

Key takeaways from the Joint Workshop

- ▶ Very well established today that all SDO's face similar challenges, whether a national or an international Standardization Body
- ▶ The best way to move forward is by way of sharing best practices, working together and approaching these challenges in a collaborative manner
- ▶ Joint initiatives like collaborative projects /workshops and cooperation should be way forward
- ▶ Explore on usage of SME Toolkit , Societal Toolkit etc. to increase stakeholder participation. CEN-CENELEC to share more information
- ▶ Collaborate at International level on digital tools, while avoiding development of different tools because in future, lets work together
- ▶ How to increase engagement with academia / researchers / young entrepreneurs. Share best practices
- ▶ Work together at International level, for inclusion of national specific requirements
- ▶ Help to bring requirement / use cases on the global platform
- ▶ Share methodologies on accessing economic impact of standards adoption/implementation
